

Proposed Strategy / Discussion Topics

Ohio CAFO Transfer

Overall Strategy – Initiate biweekly conference calls between designated teams from Ohio and EPA, each to focus on the topics below. Some topics may require additional follow up / discussions to be determined by the team. In addition, hold face-to-face meetings, location and frequency as determined by the team or as requested by leadership.

- Introductions and comprehensive discussion on issues and approach

- Storm Water

- General Permits

- Compliance and Enforcement (except for e-reporting)

- E-Reporting

- CAFO Technical Standards

- CAFO Rules

- NPDES permit applications (fact sheets, notices, permit action)

- NPDES permit conditions (BPJ, WQBELS, variances)

- Consistency (citations, AG statement, forms, prior discussions)

Timeline – Start the calls the week of March 25. Estimate 10 -14 calls/meetings held biweekly. Completion of this process estimated August / September 2019. Given public notice requirements, final completion by October / November 2019.
